

## **Westerly Mobile Learning**

Dear Westerly Families,

Welcome to Westerly's Mobile Learning Platform! [This overview](#) includes schedules and instructions for accessing material for mobile learning which begins tomorrow, Tuesday, March 17th.

Our goal is to support you and our students as we embark together on this new endeavour. Though we are all in different spaces, Westerly continues to be a connected community for whole child learning and family support.

Our program will require several hours each day of focused attention from your student. In some cases, teachers will require work to be submitted on a specific schedule so please pay close attention to the schedule for your child's particular classes.

In our ongoing efforts to make sure Westerly is continuously learning from our families and adapting to our students' needs, I will be sending out a survey on Thursday, March 16th, to gather your feedback and to gauge your experience to see what is working well and instances of how we may improve your child's learning experience while away from campus. Please also go to our [updated website](#) to access additional information regarding Westerly and our practices in response to COVID-19 pandemic.

Thank you so much for your adaptability and support as we roll out our Mobile Learning Program.

In partnership,

A handwritten signature in black ink, appearing to read 'LA', with a long horizontal line extending to the right.
