

Westerly Mobile: Week 4 Mobile Learning Resumes Next Monday, April 20

Dear Westerly Community,

We'd like to welcome everyone at Westerly back from Spring Break and into our Mobile Learning virtual classrooms resuming on Monday, April 20th. Look for emails from your teachers on Sunday with salient information about the upcoming school week. In the meantime, here are a few updates and a general overview of what you may expect in the weeks ahead.

With "Safer at Home" orders now taking us to May 15, we will be extending our Westerly Mobile Learning Program through at least Friday, May 29th. Please know that we continue to be hopeful about a possible return to campus if safety allows, but thanks to the dedicated and diligent work of the Westerly faculty and staff, we are exceptionally prepared to deliver mobile learning for the full eight weeks remaining in the academic year if that proves to be necessary.

- These revised dates encompass several important campus-wide events that will be adapted accordingly:
 - **Annual State of the School is rescheduled for Thursday, May 21 at 6pm.** Please plan to join virtually and look for specific details as we get closer to the date.
 - **Westerly Auction RE-IMAGINED is now Saturday, May 30.** Led by Renae Furlow & Michelle Thibodeaux, the Auction Committee continues to work hard and will have exciting news to share shortly.
 - **ERB testing will be moved to fall.** Details and grade-level specific academic information will be sent to parents next week.
- **We are excited to offer Mobile Wildcat starting this Monday, April 20.** Our dynamic Wildcat staff will now be available for all students Monday-Friday from 2:30-4:30pm. Mobile Wildcat will feature both homework help hours and recreation time. Please be on the lookout for more information in Sunday's Wildcat Weekly and a follow-up email.

We look forward to the opening of our virtual classrooms on Monday so we can once again feel the connection that comes with learning, talking, laughing, questioning, and engaging together -- physical distance aside. We will continue to offer regular updates to the community and, as always, we are open to constructive feedback and want to hear from you.
